before washing. Underwired bras must NOT be machine washed. • Garments which have been in contact with volatile petroleum products should not be machine washed. If volatile cleaning fluids are used, care should be taken to ensure that the fluid is removed from the garment before placing in the machine.

User's Manual - AEG Appliances

The washing machine will not start when the child safety lock is enabled. The child safety lock can typically be disabled or enabled by pressing a few buttons. It will normally be displayed on the panel with a padlock and lines indicating the buttons to press. If a padlock is shown on the display and this is not described in the user manual, the child lock is enabled. On earlier Electrolux ...
