Basil Davidson's Africa in History was a landmark in the restoration of African history. For centuries the myth had prevailed that Africa had no history prior to direct contact with European "civilization". This new edition of Basil Davidson's book not only eradicated these myths, but takes account of much of the most recent scholarship about native African civilizations.

Africa in History - Basil Davidson - Google Books

Prior to the original publication of Africa in History, the history and development of Africa had been measured by the European concept of "civilization," applying a Eurocentric approach to African art and literature. Basil Davidson's landmark work presents the inner growth of Africa and its worldwide significance, the internal dynamic of its old civilizations and their li

Africa in History by Basil Davidson - Goodreads

Basil Risbridger Davidson MC (9 November 1914 – 9 July 2010) was a British journalist and historian who wrote more than 30 books on African history and politics. According to two modern writers, "Davidson, a campaigning journalist whose first of many books on African history and politics appeared in 1956, remains perhaps the single-most effective disseminator of the new field to a popular international audience".
