Fully revised and updated, the second edition of this authoritative guide is a comprehensive, scholarly and systematic review of modern English. In one volume the book presents a description of both the linguistic structure of present-day English and its geographical, social, gender, and ethnic variations. Covering new developments such as the impact of email on language and corpus-based grammars, this accessible text has been extensively rewritten and brings the survey of modern English ...

Through the addition of new scientific and technical terms, slang, initialisms (EPA, TESOL), foreign borrowings, and new combinations (miniskirt, kiss of life), the English language is growing fast. Older words are also acquiring new meanings. Dictionary makers have therefore taken to publishing supplements to their unabridged dictionaries: Merriam-Webster's latest is 12,000 Words (1986). The Barnhart supplement also defines some 12,000 new words, acronyms, abbreviations, and ...
