I swapped in the intake camshaft sensor. Code still present only on exhaust) I followed this guide to test the sensors: ... Sptt144, I thought I had seen every last BMW camshaft video but you surprised me! Where did you find that one? Unfortunately even OEM BMW sensors made by Siemens VDO are getting worn. I bought this car with the check engine light on. I am thinking the previous owner has ...

### **Camshaft Position Sensor Problem - Bimmerfest BMW**

Testing the intake camshaft sensor is similar. A faulty camshaft sensor will set a fault code and possibly create engine drivability problems such as rough idle, engine stalling and misfire. During the tests you will see what a working sensor will show. If your readings do not match, replace the sensor.
