Suttas are transcriptions of the actual teachings of the Buddha Gotama. After his enlightenment under the bodhi tree, the Buddha traveled as a wandering ascetic for 40 years, offering his teachings to all who would hear them. Many who heard these teachings attained enlightenment themselves, often dedicating their lives to following his Dhamma, or teachings. These very teachings have been preserved for over 2,500 years in what Buddhists refer to as the

### **About | Sutta and the City**

The Mūlapariyāya Sutta is a Theravada Buddhist discourse which "is one of the deepest and most difficult suttas in the Pali Canon." This discourse analyzes the thinking process of four different types of people and shows how the arising of dukkha is due to an intricate process which begins with perception and can only be ended by insight into the true nature of reality.

### **Sutta Study - the Words of the Buddha | Buddhist Society ...**

This sutta teaches how to understand the relationship of consciousness to rebirth in a way that helps put an end to rebirth. Although the Buddha never used any word corresponding to "rebirth" in his teachings, he did describe birth as a process following on death again and again as long as the appropriate conditions are present. In other words, even though he didn't use the word "rebirth," his ...

This is what the Buddha taught. Being free of all clinging views is lasting peace and contentment. This is enough! To reiterate, I am not disparaging later-developed teachings. I am providing clarity as to what the Buddha taught and in the context that he presented his Dhamma. In the Simsapa Sutta, the Buddha explains the refined purpose of the Dhamma: "And what have I taught? 'I teach the ...

### **Dependent Origination PaticcaSamuppada Sutta - Becoming Buddha**

The Assutava Sutta is another simple and direct sutta on Dependent Origination that also references the Five Clinging Aggregates. It is interesting particularly because the Buddha addresses ongoing thinking rooted in ignorance as being more difficult in recognizing I-making, or conceit, than identification with the physical form, or the body. What this shows in a somewhat subtle fashion is the way that Dhamma practice develops gradually from wrong view to a profound Right View within the ...

If you're interested in a solid grounding on the basics of the Buddha's teachings, three suttas are widely regarded as essential reading: Setting the Wheel of Dhamma in Motion (SN 56.11), The Discourse on the Not-self Characteristic (SN 22.59), and The Fire Sermon (SN 35.28). Together, these suttas — the "Big Three" of the Sutta Pitaka — define the essential themes of the Buddha's teachings that reappear in countless variations throughout the Canon. In these suttas we are introduced to ...

### **Befriending the Suttas: Tips on Reading the Pali Discourses**

The suttas, found in the Pali Canon, comprise the discourses the historical Buddha gave during his 45 years of teaching. Rather than philosophical tracts, the suttas are a map for dharma practice. In this series, we'll focus on the practical application of the teachings in our day-to-day lives.

Buddha's teachings have been reconstructed from the stories of Sutta Pitaka. We can mention two stories given in Sutta Pitaka some: There is a story of how grief stricken woman comes to buddha after her son dies and pleads to buddha to raise him from death, but instead of showing some miraculous power buddha gives her a teaching of inevitability of death. In one of the other story we find that how buddha advises a wealthy householder how to treat his servants and clansmen how to treat ...
