Donald Trim, Calculus for Engineers, 4th Edition - MATH ...

Trim is a great prof, and can teach calculus very well when he's standing in front of you, but his text isn't as good as he is. It is grammatically structured with a lot of overly wordy and formal math language that isn't necessary to understand the concepts. Trim insists is necessary in the math world, but this is a book for engineers, not math majors. The book is nothing at all like the man who wrote it. I found the written text and grammatical structure of Stewart's Calculus Series much ...
