Caterpillar | Cat Lift Trucks

With maximum lift heights of up to 7 metres, our electric forklifts are suitable for most standard wide aisle racking operations. For production environments, electric forklifts are perfectly suited to bringing supplies or components to a production line or clearing waste packaging or other production by-products away. They can additionally be used to load or unload heavy goods vehicles, either from the rear of the vehicle (via a raised loading dock) or from the side (from ground level).
