

ExplorLearning
Student Exploration: Cell Division

Vocabulary: cell division, centriole, centromere, chromatid, chromatin, chromosome, cytokinesis, DNA, interphase, mitosis

Prior Knowledge Questions (Do these BEFORE using the Gizmo.)

1. Cells reproduce by splitting in half, a process called **cell division**. What do cells need to do between divisions to make sure that they don't just get smaller and smaller?
2. The genetic information of a cell is carried in its **DNA** (short for deoxyribonucleic acid). What do cells need to do between divisions to make sure that a full set of DNA gets passed on to each daughter cell?

Gizmo Warm-up

On the SIMULATION pane of the *Cell Division* Gizmo™, check that the **Cycle Length** is set to 12 hours. Click **Play** (▶), observe until the maximum number of cells is shown, and then click **Pause** (⏸).

3. Look at the cells. Do they all look the same? _____

4. Cells that are in the process of dividing are said to be in **mitosis** or **cytokinesis**. Cells that are not dividing are in **interphase**.

Check the **Magnify** box and move the cursor over the cells.

- a. Of the 100 cells shown, how many are in the process of dividing? _____
- b. Select the **BAR CHART** tab, and turn on **Show numerical values**. How many cells are in the interphase stage of their life cycle? _____
- c. Based on these two observations, would you say that a cell spends most of its life cycle in interphase or in mitosis/cytokinesis? _____

Question: What are the stages of the cell cycle?

<p>Activity A:</p> <p>Phases of the cell cycle</p>	<p>Get the Gizmo ready:</p> <ul style="list-style-type: none"> • Click Reset (↺). • Select the DESCRIPTION tab. • Click on the right arrow once so that Interphase is shown. 	
	<p>5. Observe: Click Play and hold the cursor over the cell. Observe the cell as it divides several times. (This happens quickly!) What do you notice happening during this process?</p> <p>6. Summarize: On the DESCRIPTION pane, read about each phase in the cell cycle. In the spaces below, sketch the cell in each phase and summarize what occurs in your own words.</p>

The Stark Arc Reactor is most likely a Multi-Isotope Radio-Decay Cell Answer key to cell division gizmo. Let's look at what we know about the arc reactor from movies 1 and 2. The full-sized arc reactor looks a lot like a toroidal "Tokomak" plasma containment system for standard "hot fusion": Answer key to cell division gizmo

Answer Key To Cell Division Gizmo

Cell Division Answer Key Vocabulary: cell division, centriole, centromere, chromatid, chromatin, chromosome, cytokinesis, DNA, interphase, mitosis Prior Knowledge Questions (Do these BEFORE using the Gizmo.) [Note: The purpose of these questions is to activate prior knowledge and get students thinking.

75 - Cell Division Answer Key Vocabulary cell division ...

The cell undergoes a type of cell division called mitosis. The answers to the first question, the linkage between cell cycle and cell death, remain unknown. The game is about the different phases in ordinary cell division, mitosis.

Cell Division Lab Answer Key - bypk.expdatdayitaly.it

Cell Division Gizmo Answer Key Activity A. red blood cell, urea, ventricle, vein, white

blood cell Prior Knowledge Questions (Do these BEFORE using the Gizmo. The cells will go through the steps of interphase, prophase, metaphase, anaphase, telophase, and cytokinesis. More was learned about cells as microscopes improved.

Cell Division Gizmo Answer Key Activity A

-Cell grows and matures-Divided into three stages (G1, S, and G2)-G1 is characterized by cell growth and development-During the S stage, the DNA contained in the cell's chromatin is duplicated-G2 is characterized by the synthesis of organelles
Cell Division Gizmo Flashcards | Quizlet
Begin with a single cell and watch as mitosis and cell division occurs. The cells will go through the steps of interphase, prophase, metaphase, anaphase, telophase, and cytokinesis. The length of the cell cycle can be controlled, and data related to the number of cells present and their current phase can be recorded.

Cell Division Gizmo : ExploreLearning

Gizmo Warm-up On the SIMULATION pane of the Cell Division Gizmo, check that the Cycle Length is set to 12 hours. Click Play (), observe until the maximum number of cells is shown, and then click Pause (). 1. Look at the cells. Do they all look the same? No 2. Cells that are in the process of dividing are said to be in mitosis or cytokinesis. Cells that are not dividing are in interphase. Check ...

Meiosis Gizmo Quiz Answers - Exam Answers Free

Gizmo of the Week: Cell Division In the Cell Division Gizmo, students are able to observe the formation of two daughter cells from a single parent cell and explore cell activity and organelle behavior during the various phases of cell division. Why does cancer occur in living things? How long does each stage of the cell cycle last?
