Challenges of Party-Building in Latin America Steven Levitsky, James Loxton, and Brandon Van Dyck Political parties are the basic building blocks of representative democracy. Political scientists have long argued that democracy is “unworkable” (Aldrich 1995: 3) or even “unthinkable” (Schattschneider 1942: 1) without them. Yet four decades into the third wave of democratization, parties

Yet parties remain weak in much of Latin America. Over the last two decades, established parties have weakened dramatically in Argentina, Bolivia, Colombia, Ecuador, Guatemala, Peru, Venezuela, and elsewhere. Moreover, notwithstanding three decades of competitive elections and repeated efforts at electoral reform, the record of party-building (or rebuilding) has been at best mixed. New parties took root in some countries (e.g., Brazil, Chile, El Salvador, Mexico), but in many others they did ...

CHAPTER 1 Introduction: Challenges of Party-Building in ...

Nearly four decades since the onset of the third wave, political parties remain weak in Latin America: parties have collapsed in much of the region, and most new party-building efforts have failed. Why do some new parties succeed while most fail? This book challenges the widespread belief that democracy and elections naturally give rise to strong parties and argues that successful party-building is more likely to occur under conditions of intense conflict than under routine democracy ...

Many of the challenges facing Latin America in the 21st Century are ones with which it has dealt since independence from Spain 200 years ago. The dependence on fragile trade relationships and primary products, the incessant violence, and inequality practically defined the region in the 19th Century. The fragility of the environment and the global web are new, but the outstanding challenge ...
