Experimental Designs, 2nd Edition | Wiley

Gertrude Cox and William Cochran were both famous statisticians who were extremely good writers. This was the book on experimental designs in 1958 with a wealth of information on randomized block, factorial and fractional factorial designs. It is still a very useful and practical reference. However it does not include the modern advance in robust designs that can be found in a text like the recent one by Wu and Hamada. Box, Hunter and Hunter "Statistics for Experimenters" is another ...
