Bonus Download: Grab my free Color Theory Cheat Sheet. Color studies are perfect for exploring different arrangements of color without having to worry about other aspects of painting like accuracy and composition. In this post I will walk you through how to go about doing color studies and what you can learn from them. What Is A Color Study? A color study is usually a small painting or drawing ...

### **Using Color Studies To Explore And Test Different Color ...**

A color study is a quick, loose practice piece for exploring different color options before beginning your actual piece. It's usually the next step after a thumbnail sketch.. While a thumbnailing session is meant to help you explore your composition, a color study helps you explore light, form, and mood by playing with different color palettes.
